## INMATE/DETAINEE LOCKDOWN REVIEW

Inmates on administrative lock down, medical lock down, or protective custody will have a review by the On-Duty Sergeant when the following are met:

The first review will be within 3 days of placement in lock down. Subsequent reviews will be once weekly for the next eight weeks. If the inmate/detainee is still on administration lock down or protective custody, the reviews will be every 30 days thereafter. Inmates/Detainees will be given a copy of each review, with the original to be placed into the inmate/detainee file and a copy to be placed in a binder kept in the housing sergeant's office.
